ARTIST BIO

GOODBYE, LIGHTSPEED

At his young age of 20 **JT Soul** had so many milestones in his quickly-growing career, especially with his 2019 EP ***Goodbye, Lightspeed***, a blend of Pop, R&B and Hip-Hop. Born to a Peruvian-Portuguese family, his name comes from his childhood street name **Jean-Talon** claiming the soul of Montréal's east-end. Taking stage at only 15 years old JT was clearly meant for this, switching between melodies to a seamless rap flow with ease, while his vocals have a unmistakably unique tone giving him a major advantage.

After signing with his label **ODDIO Ent.** JT released an impressive catalogue, including 2 EP's, and a slew of singles, videos, interviews and shows, as well as a #10 debut in France and #18 in Canada on the iTunes charts for his debut EP. Everything changed after releasing his single *LOUD*, which amassed over 300k plays and proved JT's sonic direction and quality are on a higher scale! Though his root influence is Hip-Hop, JT's versatility was truly showcased by carrying over productions like dancehall , funk/jazz, neo-soul, or electronic.
